

Previews International

Less than 7% of all Coldwell Banker Agents Worldwide have earned the certification of Previews Property Specialist. As Previews Property Specialists we are able to network globally with other Preview Agents, place our specialty listings on our Luxury Home Webpage and advertise in many upscale publications, like Unique Homes , especially selected for their appeal to the Luxury Home Buyer. View the Previews Story below and hear about our Luxury Home Marketing Program that closed over 52% of all of the Luxury Homes sold in the United States last year. Coldwell Banker closed in excess of 138 million dollars per day last year in Luxury Home Sales. Because each Previews Home is the Best of the Best and each is Unique and Distinctively Different, a customized Marketing Plan will be created for each Previews Home. A home will not qualify as a Previews Property on price alone. To schedule a meeting and see if your property qualifies for the Previews Program, please send me an email . If your home qualifies then we can work together to develop a Custom Marketing Plan designed exclusively for your Previews Home. Click below to View the Previews Story video{flv}previewflv{/flv}
